

Forestry Merit Badge

May 7th @ Montgomery Community College

9:00 AM – 5:00 PM

Have you ever wondered why some trees have cones and some have acorns?

Have you ever wondered why some trees seem to grow in perfect rows?

Come learn about some of the different ways that Forests, a renewable resource, are managed.

Learn about some of the major species of trees in the region and what they're used for.

Registration can be done through the Occoneechee Council Calendar

<https://ocscouts.org/calendar-and-events/calendar/>

Lunch will be provided free to Scouts.

Scouts will need to bring a water bottle, small notebook, and pen/pencil.
